

December 2020

It is that time of year again to start collecting for our KÉLSET Family Holiday Hampers! This year each division will be assigned one item out of the 19 listed below and then hampers will be assembled with all items. **We will be collecting items next week – from December 7th - 11th. Items should be dropped off in wagons assembled in the front and back of the school before your child goes to their classroom in the morning.**

Please review the list below and have your child bring in the item assigned to their class if you are in a position to donate. If you are able to contribute more than one of your item, we would greatly appreciate it as there is an increased need for support within our community this uniquely challenging year.
