Important Volunteer Opportunity!

In order to create an enriched learning environment for our children, please consider offering your support.

KELSET Elementary is offering a very effective online program called *Reflex Math* to assist students in developing their math fact fluency!

For those students who do not have computer access at home or do not have the additional time in their schedules, the KELSET staff has arranged to offer lunchtime sessions for *Reflex Math*...

How can you help?

- The staff does need additional help in supervising the computer lab during lunch hour
- Please consider volunteering your time one day per week from 11:15-11:45

If you are interested in becoming a part of this important program, please email Marissa Bentham:

mr bentham@gmail.com

Thank you!
